

INDEX TO VOLUME 139

A

- Abdomino-Perineal Herniorrhaphy, Combined, for Massive Rectal Prolapse, 864.
 Acute Appendicitis in the Presence of Pneumoperitoneum, 117.
 Acute Arterial Injuries in the Korean War, 1.
 Acute Obstruction of Afferent or Efferent Loop, Following Antecolic Partial Gastrectomy, with Report of Three Cases, 202.
 Adrenalectomy and Radical Retroperitoneal Dissection, Extrapleural Thoracolumbar Surgical Approach for, 44.
 Aneurysm of the Hepatic Artery; Report of Three Cases, 743.
 Aneurysms, Treatment of, By Polythene Wrapping, 751.
 Aneurysms, Mycotic, 84.
 Annular Pancreas, 374.
 Aorta, Abdominal and Iliac Arteries, Thrombosis of the, 148.
 Aorta, Surgical Considerations of Acquired Disease of, 763.
 Aorta, Two Cases of Successful Removal of Saddle Embolus of the, 778.
 Aortic Coarctation, Resection of an, in a Two Week Old Infant, 494.
 Aortic Grafts, Homologous, Vascularization of One Year Old, 447.
 Artificial Bladder, Experimental Construction of an, with Maintenance of Normal Urinary Function and Continence, 484.
 Aortography as an Aid in the Management of Renal Lesions, 617.
 Aspiration as Diagnostic and Therapeutic Procedure in Cystic Disease of the Breast, 635.

B

- Bacteria, Studies of the Role of, In Irreversible Hemorrhagic Shock in Dogs, 282.
 Benign Tumors of the Esophagus, 312.
 Bile Ducts, Extra-Hepatic Atresia of the, 506.
 Blebs, and Bullae, Pulmonary, 624.
 Blood Histamine Levels in Swine Following Total Body X-Radiation and a Flash Burn, 179.
 Bone Sodium: Editorial, 253.
 Brain Abscess: Evolution of the Methods of Treatment, 587.

C

- Cancer, Cervical, The Use of Surgery in the Total Management of, 420.
 Cancer, Fifteen Year Survival After Total Gastrectomy for, 368.
 Cancer, Human, The Present State of Transplantation of: Editorial, 527.
 Carcinoid of the Rectum with Metastasis, 224.
 Carcinoid Tumor of the Rectum, 379.
 Carcinoma and Benign Peptic Ulcer, Subtotal Gastrectomy for, The Mortality and Immediate Postoperative Complications of, 409.
 Carcinoma of Pancreas, Results of Treatment of, 800.
 Carcinoma of the Breast and Pregnancy, 9.
 Carcinoma of the Colon and Rectum, The Prognostic Significance of Direct Extension on of, 846.
 Carcinoma of the Colon in Childhood, 816.
 Carcinoma of the Esophagus and Cardia, Surgical Treatment of, 19.
 Carcinoma of the Parathyroid, 355.
 Carcinoma of the Prostate, Progress in the Treatment of, 870.
 Carcinoma of the Thyroid: A Re-Evaluation, 35.
 Carcinoma of Stenson's Duct, 364.
 Cardiac Wounds, 783.
 Cardiac Surgery, The Toxic Effects of Citrated Blood and the Search for a Suitable Substitute for Use in, 430.
 Cecal Haustrum Intussusception, 521.
 Cervical Cysts and Fistulae of Thyroglossal Tract Origin, 123.
 Choledochoduodenal Fistula: Its Surgical Management, 510.
 Chondrosarcoma, Secondary, 547.
 Chordotomy, Cervical, for Relief of Intractable Pain in the Arm, Shoulder, and Upper Chest, 567.
 Chylothorax, Postoperative, 501.
 Cleft Palate Repair, Modified Passavant Technic of, 613.
 Colon, Acute Obstructions of the, 806.
 Colon and Rectum, The Prognostic Significance of Direct Extension on of, 846.

- Colon, Leiomyoma and Leiomyosarcoma of, 67.
 Colon, Spontaneous Perforation of the, 833.
 Congenital Obstruction of Duodenum, 95.
 Coronary Blood Flow and Myocardial Metabolism in Hypothermia, 275.
 Cyst, Mediastinal, treated by Marsupialization to the Esophagus, 230.
 Cystic Disease of the Breast, Aspiration as Diagnostic and Therapeutic Procedure in, 635.
 Cystic Duct Remnants, Post-Cholecystectomy Symptoms from, 679.
 Cysts, Cervical, and Fistulae of Thyroglossal Tract Origin, 123.
 Cysts, Pancreatic, Internal Drainage of by Roux-Y Cystjejunostomy, 63.

D

- Dermal and Fascial Fibromatosis, 453.
 Desmoid Tumors Particularly as Related to their Surgical Removal, 335.
 Dextran as a Plasma Substitute with Plasma Volume and Excretion Studies on Control Patients, 137.
 Diaphragmatic Hernia, 166.
 Duodenum, Congenital Obstruction of, 95.
 Dysmenorrhea, Resection of the Superior Hypogastric Plexus for, 661.

E

- Endometritis, Tuberculous, 658.
 Eosinophilic Granuloma of the Gastro-Intestinal Tract, 236.
 Esophagus, Benign Tumors of the, 312.
 Esophagus and Cardia, Carcinoma of the, Surgical Treatment of, 19.
 Evaluation of the Usefulness of Fortisan Fabric in Hernia Repair, 644.
 Excretion and Concentration of Terramycin in the Abnormal Human Biliary Tract, 478.
 Experimental Construction of an Artificial Bladder with Maintenance of Normal Urinary Function and Continence, 484.
 Experimental Production of Infundibular Pulmonic Stenosis, The, 325.
 Extra-Hepatic Atresia of the Bile Ducts, 506.
 Extrapleural Thoracolumbar Surgical Approach for Adrenalectomy and Radical Retroperitoneal Dissection, 44.

F

- Factors influencing the Survival of Successful Skin Homografts in the Chicken: I. Effects of Varying Age of Donor and Recipient, 468.
 Fallibility of Pancreatic Biopsy, The, 403.
 Fibromatosis, Dermal and Fascial, 453.
 Functional and Anatomic Effect of Polyvinylpyrrolidone, 397.
 Further Studies of the Physiological Principles Underlying the Treatment of Essential Hypertension by Surgery and the Thiocyanates, 560.

G

- Gallbladder, Primary, Disease in Children, 302.
 Gallbladder, Traumatic Rupture of the, 517.
 Gallstones and Heart Disease, The Association of, 683.
 Gastrectomy, Antecolic Partial, Acute Obstruction of Afferent or Efferent Loop Following, 202.
 Gastrectomy for Peptic Ulcer, 721.
 Gastrectomy, Subtotal for Carcinoma and Benign Peptic Ulcer and Immediate Postoperative Complications of, 409.
 Gastrectomy, Total, Fifteen Year Survival After, for Cancer, 368.
 Gastro-Intestinal Tract, Eosinophilic Granuloma of the, 236.
 General Hypothermia, Cessation of Circulation in, III. Technics of Intracardiac Surgery Under Direct Vision, 385.
 Glossitis, Median Rhomboid, 250.

H

- Hemorrhage, Gastro-Intestinal, Problem of Massive, From an undetermined Source, 731.
 Hepatectomy, A Simplified One Stage for Experimental Surgery, 195.

Hepatic Artery, Aneurysm of the, Report of Three Cases, 743.
Hernia, Diaphragmatic, 166.
Hernia, Littre's, 370.
Hernia Repair, An Evaluation of the Usefulness of Fortisan Fabric in, 644.
Hernia, Transmesenteric in Infants, 244.
Hypertension, Essential, Further Studies of the Physiological Principles Underlying the Treatment of, by Surgery and the Thiocyanates, 560.
Hypothermia, Coronary Blood Flow and Myocardial Metabolism in, 275.
Hysterectomy, Vaginal, 666.

I

Inadvertent Femoral Artery Interruption During Surgery for Varicose Veins, 106.
Inferior Epigastric Vessels, Rupture of, 90.
Infundibular Pulmonic Stenosis, The Experimental Production of, 325.
Injuries of the Hand, Common, The Management of, 650.
Internal Drainage of Pancreatic Cysts by Roux-Y Cystojejunostomy, 63.
Irreversible Hemorrhagic Shock in Dogs, Studies on the Role of Bacteria in, 282.

L

Leiomyoma and Leiomyosarcoma of Colon, 67.
Leiomyosarcoma of the Duodenum, Pancreatoduodenectomy for, 103.
Littre's Hernia, 370.
Lutembacher Syndrome Successfully Treated by Mitral Commissurotomy, 497.
Lymphatic Circulation in Lymphedema, The, 129.
Lysis of Thrombi Produced by Sodium Morrhuate in the Femoral Vein of Dogs by Human Plasmin (Fibrinolysin), 52.
Liver, Wounds of the: Review of 100 Cases, 690.
Lingual Thyroid, The Surgical Treatment of, 536.

M

Malignant Teratoma in the Thyroid Gland of an Adult, 218.
Malignant Tumors of the Small Intestine, 858.
Management of Common Injuries of the Hand, The, 650.
Marsupialization Operation for Pilonidal Cysts and Sinuses, Under Local Anesthesia With Lidocaine, 341.
Median Rhomboid Glossitis, 250.
Mediastinal Cyst Treated by Marsupialization to the Esophagus, 230.
Mesenteric Vascular Occlusion, 206.
Mitral Commissurotomy for Successful Treatment of Lutembacher Syndrome, 497.
Mitral Stenosis, The Results of Mitral Valvotomy for, 786.
Mitral Valvotomy, The Results of, for Mitral Stenosis, 786.
Mortality in a Burns Unit, A Study of, 269.
Non-Chromaffin Paraganglioma of Carotid Body and Orbit, 382.
Non-Rotation of Mid- and Hindgut with Preservation of the Midline Mesentery, 241.

P

Pancreas, Annular, 374.
Pancreas, Results of Treatment of Carcinoma of, 800.
Pancreatic Biopsy, The Fallibility of, 403.
Pancreatoduodenectomy for Leiomyosarcoma of the Duodenum, 103.
Paraplegia as a Complication of Sympathectomy for Hypertension, 330.
Parathyroid, Carcinoma of the, 355.
Peptic Ulcer, Gastrectomy for, 721.
Peptic Ulcer, Perforated in the Newborn: Report of a Case with Massive Bleeding, 99.
Peptic Ulceration and Stricture of the Lower Esophagus, The Surgical Treatment of, 258.
Peristalsis in Reversed Loops of Bowel, 853.
Pilonidal Cysts and Sinuses, The Marsupialization Operation for, Under Local Anesthesia With Lidocaine, 341.
Polythene Wrapping, Treatment of Aneurysms by, 751.
Polyvinylpyrrolidone, Functional and Anatomic Effect of, 397.
Post-Cholecystectomy Symptoms from Cystic Duct Remnants, 679.
Primary Gallbladder Disease in Children, 302.
Primary Neoplasms, Resection and Anastomosis of the Intrathoracic Trachea for, 350.
Problem of Massive Gastro-Intestinal Hemorrhage From an Undetermined Source, 731.
Pulmonary Cystic Changes in Xanthomatosis, 76.

R

Rectal Prolapse, Massive, Combined Abdomino-Perineal Herniorrhaphy for, 864.
Relationship of Chronic Ulcerative Colitis to Malignancy, The, 838.
Renal Lesions, Aortography as an Aid in the Management of, 617.
Resection and Anastomosis of the Intrathoracic Trachea for Primary Neoplasms, 350.
Resection of an Aortic Coarctation in a Two Week Old Infant, 494.
Resection, One-Stage, in Selected Cases of Sigmoid Diverticulitis, 826.
Resection of the Superior Hypogastric Plexus for Dysmenorrhea, 661.
Residual Stones in the Common Bile Duct: The Question of Operative Cholangiograms, 293.
Rupture of Inferior Epigastric Vessels, 90.
Rupture of the Left Lobe of the Liver and Spleen, Complete, with Recovery, 112.

S

Saddle Embolus of the Aorta, Two Cases of Successful Removal of, 778.
Salt Administration after Mitral Valvotomy, 143.
Shunt Grafts, 439.
Sigmoid Diverticulitis, One-Stage Resection in Selected Cases of, 826.
Simplified One Stage Hepatectomy for Experimental Surgery, 195.
Skin Homografts in the Chicken, Factors Influencing the Survival of Successful: I. Effects of varying age of Donor and Recipient, 468.
Spleen, Spontaneous Rupture of the, 248.
Spontaneous Rupture of the Spleen, 248.
Stenson's Duct, Carcinoma of, 364.
Subdural Effusions, and Their Accompanying Neomembranes in Infancy, The Surgical Management of, 287.
Surgery, Cardiac, The toxic Effects of Citrated Blood and the Search for a Suitable Substitute for Use in, 430.
Surgery, The Use of, in the Total Management of Cancer, 420.
Surgical Management of Subdural Effusions and Their Accompanying Neomembranes in Infancy, 287.
Surgical Treatment of Lingual Thyroid, 536.
Surgical Treatment of Peptic Ulceration and Stricture of the Lower Esophagus, 258.
Sympathectomy for Hypertension, Paraplegia as a Complication of, 330.

T

Terramycin, The Excretion and Concentration of, in the Abnormal Human Biliary Tract, 478.
Testicle, Intra-Abdominal, Torsion and Gangrene of an, Simulating Appendicitis, 524.
Thoraco-Cervical Approach for Malignant Disease of the Thyroid Gland, A, 158.
Thyroid Gland, Malignant Disease of the, A Thoraco-Cervical Approach for, 158.
Thrombosis of the Abdominal Aorta and Iliac Arteries, 148.
Thyroid, Carcinoma of the: A Re-Evaluation, 35.
Thyroidectomy, Technic of, 529.
Torsion and Gangrene of an Intra-Abdominal Testicle Simulating Appendicitis, 524.
Total Body X-Radiation and a Flash Burn, Blood Histamine Levels in Swine Following, 179.
Transmesenteric Hernia in Infant, 244.
Traumatic Rupture of the Gallbladder, 517.
Tuberculous Endometritis, 658.
Tumors, Malignant, of the Small Intestine, 858.

U

Ulcerative Colitis, Chronic, The Relationship of, to Malignancy, 838.

V

Vaginal Hysterectomy, 666.
Varicose Veins, Inadvertent Femoral Artery Interruption During Surgery for, 106.
Vascularization of One Year Old Homologous Aortic Grafts, 447.

W

Wound Closure, The Effect of total Body Irradiation on, 186.
Wounds of the Liver, Review of 100 Cases, 690.

X

Xanthomatosis, Pulmonary Cystic Changes in, 76.
